## MARK YOUR CALENDAR! 2023 STUDENT ART SHOW

We are extremely excited to announce that our 2023 Student Art Show will be held on Sunday, 11th June from 1:00-3:00pm at Kingston Park Stadium

All Turpentyne students are encouraged to participate in this wonderful celebration of our students' talent and efforts.

All students will be invited to exhibit a piece of artwork made in their lessons at Turpentyne and may invite their friends and family to join them on the day.

More information will be sent out in the new half-term.

This is truly the highlight of our year, and we cannot wait to celebrate with you!

*"Creativity is allowing yourself to make mistakes.*

*Art is knowing which ones to keep."*

*-Scott Adams*

## EXAMS SEASON

Exams season is fast approaching, and we want to help support your young artist through this stressful time.

Art is well known to be a relaxing and calming process, which alone will benefit our students when they attend their weekly drawing and painting lessons. However, we are happy to offer extra wellness support to our students via art therapy and creative expression exercises whenever needed.

Our teachers always watch for physical cues that a student is stressed, and adapt our teaching to accommodate. However, we welcome parental insight, and will be grateful to hear if you feel your child could benefit from an alternative lesson on any particular day.

Additionally, we know that many of our older students are preparing for their Art GCSE or A Level exams. At Turpentyne, we are happy to provide portfolio review and advice free of charge to our students. Please keep in mind that we are unable to work directly on any school work in class. However, we are more than happy to adapt our curriculum to help our students focus on, and build specific skills, that they feel would improve their exam performance.
