## September Scheduling

Student schedule preference slips for September will be sent home next week

Summer is almost upon us, and we will soon be arranging our schedule for the 2022-2023 school year. As our classes are generally fully subscribed, it is important that we thoughtfully coordinate with our studio families before the summer begins to ensure that all students are able to secure the class day and time that they need for September.

If your child is a current student who needs a change of class time for September, you must complete the yellow slip indicating your preferred classes and return it to the studio as soon as possible.

By planning ahead we can efficiently shuffle the students who need changes into their preferred classes.

Although we do our very best to ensure that all requests are met, please keep in mind that changes can only be made if there are available seats. Requests are considered on a first come first served basis.
